Professional Summary

Third-year Computer Science student at the University of California, San Diego with hands-on experience developing software applications in Java and Python through academic projects. Strong foundation in object-oriented programming, data structures, algorithms, and software engineering principles.

Passionate about artificial intelligence, software development, and solving complex technical problems while seeking internship opportunities to further develop professional experience.

Education

University of California San Diego | Computer Science B.S. | Expected Graduation, June 2027

Relevant Coursework: Completed coursework in Data Structures, Object-Oriented Programming, Software Tools & Techniques, Programming in Java, and Programming in Python, developing a strong foundation in software development, algorithm design, debugging, and problem-solving.

Technical Skills

Programming Languages: Java, Python, TypeScript, HTML/CSS

Tools: Git, GitHub, Linux, Bash, Visual Studio Code

Concepts: Object-Oriented Programming, Data Structures, Algorithms, Debugging, Software Testing, Version Control

Technical Projects

Educational Geometry Web Application | TypeScript, HTML, CSS

- Developed frontend features using TypeScript, HTML, and CSS while contributing through Git and GitHub workflows.
- Participated in agile development practices, code reviews, and feature implementation across multiple development branches.
- Collaborated with a seven-member development team using Git and GitHub to manage version control and integrate project features.

Operating Systems Kernel Development | Java

- Implemented and tested operating system components using the Nachos instructional OS framework.
- Applied concepts including multithreading, synchronization, scheduling, and systems programming while working through operating systems assignments
- Collaborated with teammates to debug, test, and refine system functionality using Git-based version control.

Experience

Concessions Vendor | Petco Park & Snapdragon Stadium | 2025–Present

Store Associate | Vons / Albertsons | 2021–2023

Crew Member | Wendy's | 2022–2023
